LEVELLING CLIP/WEDGE

LEVELLING CLIP WEDGE

Simplify Tiling. Enhance Precision.

OVERVIEW

Make tile installation smoother and more precise with our Levelling Clip Wedge system. Ideal for large-format tiles and stone slabs, this user-friendly solution ensures accurate alignment and a perfectly level surface—every time. Whether you're tiling walls or floors, this two-component system delivers professional results with minimal effort.

KEY FEATURES & BENEFITS

- **LEVEL ALIGNMENT**
Prevents tile lippage, ensuring smooth transitions between tiles.
- **UNIFORM GROUT SPACING**
Maintains consistent joint widths across the entire tiled area.
- **FASTER INSTALLATION**
Reduces installation time and simplifies the setting process.
- **BROAD COMPATIBILITY**
Works with ceramic, porcelain, vitrified, and stone tiles.

PRODUCT DETAILS

- **CLIP SIZES:**
1 mm, 2 mm, 3 mm, 4 mm
- **WEDGE:**
Standard size
- **PACK QUANTITY:**
50 Pieces

WHY CHOOSE OUR LEVELLING CLIP WEDGE?

- **SUPERIOR ENGINEERING:** Designed for maximum strength and precision during installation.
- **USER-FRIENDLY:** Quick to insert, tighten, and remove – even for first-time users.
- **CLEAN FINISH:** Prevents tile movement while adhesive sets, reducing the need for rework.
- **VERSATILE USE:** Compatible with tiles up to 15 mm thick and a wide variety of materials.
- **TRUSTED QUALITY:** Made from durable materials to withstand pressure and repeated use.
