

GROUT APPLICATION FLOAT

GROUT APPLICATION FLOAT

Precision, Comfort. Clean Finish.

OVERVIEW

The Grout Application Float is the ultimate tool for professionals and Dyers seeking flawless grout work. Designed for effortless application, it spreads and packs grout evenly into tile joints without damaging the tile surface—leaving you with a clean, polished finish every time.

KEY FEATURES

1. SMOOTH GROUTING PERFORMANCE

Effectively fills joints for a neat, fully-packed finish with minimal grout waste.

2. CLEAN SURFACE RESULTS

Reduces grout haze and helps clean excess grout during application for spotless tiles and stones.

3. ERGONOMIC & LIGHTWEIGHT DESIGN

Comfort-grip handle minimizes hand fatigue, helping you work longer and faster with better results.

4. UNIVERSAL GROUT COMPATIBILITY

Ideal for use with cement-based, epoxy, and other common tile grouts.

PRODUCT SPECIFICATIONS

SIZE: 4 inches

MATERIAL: Durable, non-scratch base with comfort grip

WHY CHOOSE THIS FLOAT?

Whether you're working on mosaics, ceramic, porcelain, or natural stone, this float ensures a professional-grade finish every time. Its fine-cut edges, mess-free cleanup, and ergonomic shape make it a must-have in every tiler's toolkit.
